WEYLER IN HAVANA

Captain General of Cuba Returns to His Palace.

GREAT CONFUSION CREATED.

It is Openly Asserted in Havana That Weyler Became Frightened Because Maceo Had Set a Price Upon His Head. Weyler's Recall Assured—More Spanish Butcheries—Other War Dispatches.

NEW YORK, Nov. 24.—A dispatch to The World from Jacksonville, Fla., says:

A cipher cablegram from Havana last night to a Cuban leader here says that General Weyler has been forced to return to Havana and that the city is in great confusion.

Weyler gives no excuse, it is said, except that it is too hot and unhealthy to do any fighting.

It is openly asserted in Havana that Weyler became frightened because Maceo had set a price upon his head or his capture.

Weyler's scouts informed him that Maceo might make an attempt on Havana and the Spanish general retreated in hot haste to the safety of his palace.

It is also stated in the cablegram that Weyler's recall is assured now, as the Spanish government is incensed against him for his dilatory tactics.

Cubans here are jubilant, for they think this will have a favorable effect upon congress.

THE NEWS CONFIRMED.

Even Censorship Dispatches Tell of General Weyler's Return.

HAVANA, Nov. 24.—At 7 o'clock yesterday morning Artemisa and its vicinity was in a state of considerable excitement, for it became known that Captain General Weyler was at Mangas, five miles distant. General Arolas accompanied by his staff and an escort of cavalry started soon afterward for Mangas and at 8:30 news was received at Artemisa that the cruiser Le Gazpi had arrived at Mariel, the port at the northern extremity of the military line across the province of Pinar del Rio, with instructions to her commander to place his vessel at the disposal of the captain general.

At 9 o'clock General Weyler entered Artemisa with the columns commanded by Generals Aguilar and Arolas. It was seen that the captain general was considerably sunburnt. He wore a field uniform with a Panama hat and rode a black horse. He put up at the house of a prominent citizen, whose large garden enabled the Spanish commander to receive the staff officers and others and transmit orders in various directions. There he also transacted considerable business with his chief of staff.

After visiting the military hospitals and breakfasting, the captain general started for Mariel, where he embarked on the cruiser Le Gazpi, and reached this city late yesterday evening. He went at once to the palace and denied himself to all visitors.

SPANISH BUTCHERIES.

Account of Happenings in Cuba Which Could Not Be Sent by Telegraph.

NEW YORK, Nov. 24.—The World publishes the following correspondence from Santiago, Cuba, of Nov. 12: There is a reign of terror in Guantamo. Every night Pacificos are taken from their homes, conducted to the outskirts of the town and there butchered. More than 60 inoffensive men have been murdered in that way since the middle of October.

General Linares and Vara del Rey, with 2,000 men, were defeated Nov. 10 by Mendoza and Freire at Barrabacoa, near Doz Caminos. The Spanish fled, leaving many killed and wounded, among the latter a colonel. The wounded, including the colonel, were cared for by some women living near. When the Spaniards afterward returned from Doz Caminos to get their wounded, they arrested and shamefully treated the women.

On the 8th, Spanish Commander Ardanaz, with a large column, was defeated by Rebel Leader Torres near the wharf of Banos (Holguin), where there is a fort. The rebels laid a wire cable across the harbor entrance so when the gunboat Vicente Tancaz went to protect the Spanish column she could not get in. She retired in a shower of bullets after losing two men killed. The Spanish column again fought the insurgents on its return in Loma de los Angeles, and suffered considerable loss.

Commander Garrido's guerrillas and regulars were defeated on the 10th by Brigadier Bonne. Garrido was severely wounded in his right leg. His horse was killed under him. Almost the entire force of guerrillas joined the rebels. General Weyler's order to send firemen to the field has produced a result just contrary to his expectation. Of the 800 colored firemen who left Havana for Pinar del Rio Nov. 7, 90 have joined the rebels at the first change. A section of 150 firemen of Santiago were ordered to be ready to take the field yesterday. Forty disappeared night before last, taking their arms and ammunition.

They had joined the rebel force of Colonel Vega. In Manzanillo 25 firemen with a lieutenant did likewise as soon as they got the order to be ready for service.

COMPETITOR PRISONERS TRIED.

In Spite of Consul Lee's Protest It Took Place in a Fortress.

NEW YORK, Nov. 24.—A dispatch to The World from Havana, under date of Nov. 20, says:

The Competitor prisoners have been tried by courtmartial in the Fortress La Cabana in spite of Consul General Lee's official protest, filed just before he left Havana. The exceptions taken by the prisoners were overruled by the naval courts. General Lee's note was pigeonholed, and in defiance of Secretary Olney's intimation of disapproval the Competitor's crew and Mr. Melton, the American newspaper correspondent, have again been tried by a drumhead court, sitting within the walls of a Spanish fortress, where, according to Captain General Weyler's orders, no representative of the United States consulate may enter.

The prisoners were allowed neither interpreter nor counsel. Those partly acquainted with Spanish were compelled to interpret for the others.

So quietly was the affair conducted Acting Consul General Springer does not yet know, it is said, that the case was virtually closed Nov. 14, on which day Melton, Maza, Dr. Vedia and the witness, George Ferran, were forced by Naval Judge Fernandez to sign statements admitting their complicity in the filibustering expedition which the Competitor is alleged to have brought under Monzon and Laborde to the Pinar del Rio coast. This written evidence is now under consideration by the court.

Judge Saul said that a decision may be rendered at an moment. It is expected that all members of the party whose American citizenship has not been clearly shown will be shot. The bona fide Americans probably will be sentenced to from three to 10 years' imprisonment in some Spanish penal station off the coast of Africa.

SPAIN WILL FIGHT.

The Spanish Consul in Boston Talking Through His Hat.

BOSTON, Nov. 24.—"Spain would fight any nation that would interfere with her possessions in the Philippine islands, or in Cuba. It makes no difference what nation it might be," said Senator Manuel Garcia Y Cruz, Spanish consul to Boston, in an interview yesterday.

Continuing, he said: "True, we have comparatively few soldiers; only between 60,000 and 70,000 in Spain, because the most of our troops, to the number of 200,000, are now engaged in subduing Cuba. But it would be a naval war, and it would be fought upon the high seas. It must not be thought that because our navy has not shut the filibusters off from Cuba we have no naval power."

Lee Made No Official Report.

WASHINGTON, Nov. 24.—State department officials will not discuss the report that Consul General Lee's report recommends intervention by the United States, but the disposition is to treat the report as a revival of former guesses. It is said that General Lee has made no reports, as consul general, of an extraordinary character, so that any advice he may have given as to intervention must be in the nature of private communications to the president or secretary of state.

Investigating the Kersey Case.

WASHINGTON, Nov. 24.—Mrs. H. P. Kersey, the mother of Matt Kersey of Alexandria, Va., who is supposed to be locked up in a Cuban prison, has received a letter from Secretary of State Olney in which he states that the department has forwarded all the papers in the case to the consul at Gobarra with instructions to investigate the matter thoroughly.

PASSPORT PROTECTION.

An American Citizen Impressed Into the Italian Army.

CHICAGO, Nov. 24.—Street Foreman Antonio Constantino, a naturalized American, called on United States Commissioner Foote to learn whether his passport protected his wife and children in Italy. About three months ago Constantino visited Italy, his native land, taking with him his family. There he was impressed into the army, the authorities refusing to recognize his passport or naturalization papers. He was granted a furlough and immediately returned to America, leaving his family behind.

He was told by the commissioner that his passport protected him from impressment in the Italian army and he will endeavor to have the department of state investigate the matter.

Strike Against a Reduction.

RICHMOND, Nov. 24.—About 100 men employed at the factory of the Virginia and North Carolina Wheeling company went out on a strike yesterday on account of 10 per cent reduction in wages.

Famine Averted.

CALCUTTA, Nov. 24.—Rain has fallen in most of the districts of Bengal and has improved the crop prospects. If the rain continues immediate danger of a severe famine will be averted.

Burned Themselves to Death.

MENA, Ark., Nov. 24.—Happy Hopkins and Tom Casey, arrested for disorderly conduct, attempted to burn their way out of jail, but before they could escape were burned to death.

MCKINLEY'S CABINET.

Will Mark Hanna Be in It or Not?

JOHN SHERMAN MUST DECIDE.

Hanna Would Prefer to Be a United States Senator if Sherman Will Accept of a Cabinet Portfolio—Cleveland Troops Will Be McKinley's Military Escort at the Inauguration—McKinley's Callers.

CLEVELAND, Nov. 24.—A close friend of Chairman Hanna explained under what circumstances Mr. Hanna would accept a place in the cabinet.

"Mr. Hanna," he said, "will either go into the cabinet or he will be the next Republican United States senator from Ohio. Mr. Hanna's course must be decided by Senator John Sherman. Both the chairman and Mr. McKinley understand that, and they are waiting to learn what position Mr. Sherman will take. Mr. McKinley wants Mr. Hanna to accept the treasury portfolio, but Mr. Hanna has other aspirations. He believes it would be a greater honor to be senator from Ohio. But Senator Sherman stands in the way of that."

"Mr. McKinley will offer Senator Sherman the position of secretary of state and if he declines to go into the cabinet then Mr. Hanna will accept the position of secretary of the treasury. Should Mr. Sherman decide, however, to become one of President McKinley's advisers, thus vacating his seat in the senate, Mr. Hanna will become his successor. Mr. McKinley will not decide on his course until he learns exactly what position Senator Sherman will take."

This same friend of Mr. Hanna said that it had been practically decided that Congressman Bontelle of Maine would be the secretary of the navy. Despite the fact that both General Miles and Colonel Fred Grant held a conference with Mr. McKinley, neither of them, says this gentleman, will get the portfolio of war.

MCKINLEY'S MILITARY ESCORT.

Troop A, Ohio National Guard, Will Go to Washington Inauguration Day.

CLEVELAND, Nov. 24.—It is officially announced that troop A, Ohio national guard, of this city, will act as the military escort to President-elect McKinley at the inauguration ceremonies in Washington. The troop tendered its services before election and it is hinted that they were accepted then, provisionally of course.

Troop A, which was until recently an independent organization under the name of the First Cleveland troop, is one of the finest military bodies in the country and probably embodies the most wealth in its membership. It is splendidly equipped and well drilled. In fact it has elicited expressions of admiration from regular army cavalry officers wherever it has been seen. Certainly it will bear well the honor bestowed upon it.

Callers on McKinley.

CANTON, O., Nov. 24.—Colonel Fred Grant was a guest at the McKinley home yesterday afternoon, having come here from Cleveland, where he spent Sunday with National Chairman Hanna and other friends. He had been in St. Louis attending the reunion of the Army of the Tennessee and merely stopped over in Cleveland and Canton on his way home. He is a personal friend of the McKinleys and has visited them here on several occasions. William Monahan of Cleveland was another caller in the afternoon.

IT MAY BE COMPROMISED.

River Miners Offered an Advance, but Not as Much as They Wanted.

PITTSBURG, Nov. 24.—An important conference of river coal operators and miners was held at the Coal Exchange yesterday. For some time there has been a strike on among the river miners and it is estimated that there are about 6,000 diggers idle. The prevailing rate for some time has been \$2 in the first, second and third pools, and \$1.50 in the fourth pool. The operators say that owing to a dullness in the southern market there has been little demand for coal, and what is disposed of is at very low prices.

The diggers presented a formal demand for \$2.66 in the first, second and third pools, and \$2.16 in the fourth. The operators at once notified the committee that the price demanded could not be paid and offered a compromise. They agreed to pay \$2.25 in the first three pools and \$1.75 in the fourth. The committee was not empowered to accept a compromise and will submit the proposition to their constituents.

ROBBERS COMMIT MURDER.

An Old Lady Stabbed to Death and Her Husband Badly Injured.

HAZLETON, Pa., Nov. 24.—Mrs. Casper Laboy of Nesquehoning was stabbed to death and her husband seriously slashed by robbers, who forced an entrance into Laboy's house yesterday morning. Laboy heard the robbers in the house, and attacked one of them, who stabbed him in several places. Mrs. Laboy tried to reach the street to call for help, when she was met in the hallway and stabbed to death.

Three Hungarians were captured shortly before noon on the outskirts of the town. They were covered with blood and can not give a clear account of their movements. The greatest excitement prevails and it is feared that more murders will be committed.

an attempt may be made to lynch the men if it can be proven that they are the guilty parties.

Democrats Gain a Congressman.

RICHMOND, Nov. 24.—The Democrats gain an additional congressman in Virginia by the action of the state board of canvassers, which gave the certificate to Flood in the Tenth district owing to the fact that the Buckingham county returns were returned for Jacob Yost, when the other returns were for J. Yost, this gave Flood a plurality.

GENERAL RIVA PALACIO DEAD.

He Was the Mexican Minister to Spain and Died in Madrid.

MADRID, Nov. 24.—General Riva Palacio, the Mexican minister to Spain, is dead. General Riva Palacio was appointed minister to Spain in 1886. When, in 1862, the war against the French began in earnest, Palacio organized and equipped at his own expense a regiment, with which he joined the army of General Zaragoza. He distinguished himself at Baranca, Seca and at Puebla, and was made governor of the state of Mexico.

He again distinguished himself at Magdalena and Queretaro and entered the capital of Mexico on July 10, 1867, at the head of a splendid division. As secretary of commerce he established the Central Meteorological observatory in the National palace and as a literary man his productions are numerous. He was born in the City of Mexico in 1832, so he had just entered his 65th year.

FAILURE AT DETROIT.

The Old Mabley Company Files a Chattel Mortgage.

DETROIT, Nov. 24.—Mabley & Company, one of the leading retail clothing firms of the city, has filed a chattel mortgage for \$150,000 to the Union Trust company, as trustees for their creditors. A blanket mortgage covering the entire stock of clothing, boots and shoes, men's furnishings, etc., was also made to the same company.

This house has no connection with the Mabley & Carew company of Cincinnati. Twelve or 14 years ago when Mr. Mabley died Mr. Carew purchased the entire interest of the estate of Mr. Mabley in the Cincinnati house, and since that time there has been no connection between the two firms.

TIES ON THE TRACK.

Would-Be Wreckers Fire Their Pistols and Flee.

SALT LAKE CITY, Nov. 24.—Just before the 7:15 p. m. Union Pacific south-bound train reached Kayville, 14 miles north of this city, an employee of the road discovered men placing obstructions on the track. When he approached and spoke he was answered by several shots, after which the men fled.

They had placed ties across the track and it is believed it was the intention to hold up the passenger train due in a short time. The police of Farmington have arrested three suspicious characters in the vicinity.

Miners Demand Semi-Monthly Payment.

SHAMOKIN, Pa., Nov. 24.—The men employed at the Patterson mine went on a strike yesterday, claiming that their wages were not paid on Saturday. Factory Inspector Campbell has arrived and will insist on the operators complying with the semi-monthly pay law in the future. The mine only resumed last Thursday after a long idleness due to the breaker having blown down by the recent windstorm.

Express Messenger Arrested For Theft.

NILES, Mich., Nov. 24.—Delbert E. Mitten, messenger for the American Express company, has been arrested charged with stealing \$2,000 from the company. The crime is alleged to have been committed last Wednesday, when a package containing \$2,000 was sent by the Citizens' National bank of this city to the Bankers' National bank of Chicago. About half of the money has been recovered.

Places Filled by the President.

WASHINGTON, Nov. 24.—The president has filled the vacancy in the chief justiceship of the court of claims caused by the death of Judge Richardson by the promotion to that office of Judge Charles C. Nott, now a member of the court. The latter's place was filled by the appointment of Charles B. Howry, who now holds the position of assistant attorney general in the department of justice.

FIGHT WITH A CONVICT

Ira Marlatt Again Makes Trouble in the Ohio Penitentiary.

GUARDS AND WARDEN ATTACKED.

Desperate Efforts Made to Use a Knife That He Had in Some Manner Procured. Diphtheria Epidemic—Prisoners Escape From Jail—Mine Boss Instantly Killed. Other Ohio State News.

COLUMBUS, O., Nov. 24.—The prison authorities yesterday had the most desperate struggle with Ira Marlatt, the penitentiary demon. The warden ordered Marlatt's cell cleaned for the first time since the special cage was made in which he is confined. Marlatt refused to come out on the warden's order, and he warned all the guards to keep out of his cage, saying that he would kill them. In one hand held back of him Marlatt had another of his peculiar daggers.

Five of the biggest guards in the prison were called. Guard O'Brien finally threw the crook of his cane about Marlatt's neck and jerked the demon out of his cell. Then the real combat began. Marlatt rushed upon the warden and the guards repeatedly, and each time he was prevented from stabbing them by some member of the company striking him over the head with a cane.

Guard King struck Marlatt a terrible blow with the crook of his cane, laying open the flesh, but Marlatt did not stagger. Finally Marlatt withdrew to a corner. Guard O'Brien, supported by the others, demanded the convict's knife. Marlatt faced an ugly revolver without flinching. Then he handed over the knife.

Marlatt was seized and taken to the ducking tub. He soon begged for mercy. When the water was shut off he said: "Now go on; I won't tell where I got the knife." This was repeated several times. Finally Marlatt gave in and said he got the knife from George McCoy, a colored prisoner from Cleveland, who was released last week. Marlatt was then taken from the tub. The prison officials do not think that he got the knife from McCoy, for he was much afraid of the demon.

Diphtheria Epidemic.

COLUMBUS, O., Nov. 24.—Secretary Probst received a telegram from Abraham Kapp, the health officer at Summerville, in Butler county, stating that a terrible diphtheria epidemic is raging there. Probst telegraphed to Dr. Stanton, of Cincinnati, member of the state board of health, asking him to go to Summerville at once to investigate.

INDICATIONS—Rain, followed by clearing colder weather; brisk to high southwest winds becoming northeast.

The balance of trade in favor of the United States since August 1st amounts to over \$30,000,000,—an excellent showing for the Wilson bill.

One of the Eastern journals figures it out that the campaign cost the two big political committees \$24,000,000. It was really and truly a money campaign.

The Record, a new candidate for journalistic honors at Cincinnati, made its appearance Monday. It is a morning daily and will make a fight for a purer and better municipal government.

It is now charged that Governor Bradley issued 1,304 pardons to negro ex-convicts shortly before the election. If that is so, the convicts carried the State, as the Cincinnati Democrat pertinently remarks.

HENRY CLEWS, in his weekly financial review, while admitting that for various reasons given, the commercial revival since the election has not been what the most optimistic expected, says there is every reason to believe there will be a great business revival "in the near future."

A REPORT comes from Washington that will cause a chill to run down the backs of ex-Federal office-holders, says the Courier-Journal. It is to the effect that few of them will be appointed to official positions by Major McKinley. Well this is rather depressing on those who are out with petitions for office.

The St. Louis Globe-Democrat is a Republican paper which does not encourage Republican tariff agitation just now. It says:

There are inequalities and abnormalities in the tariff act of 1894—some duties are too low and others too high—but let us give it a chance to reveal itself under normal conditions. These conditions will be here soon after President McKinley's inauguration if the people who are now demanding an extra session subside in the interval. * * * Next spring and summer the country will have a chance to learn in what parts the present tariff law can be advantageously altered, and the work of alteration can be done leisurely and intelligently in the regular session, which opens a little over twelve months hence.

An excellent suggestion. Democrats never have claimed that the Wilson bill was all that it ought to be as a revenue measure. Its defects will be disclosed in time, and then let them be remedied.

New Zealand is frequently pointed out as a happy and prosperous country, yet New Zealand is governed by laws which older governments think work ruin and disaster if applied to them. To begin, the personal property tax has been abolished. In its place are a land tax and an income tax, each of which is progressive, its rate increasing as the amount of landed estate and income increase. The public lands of the government, or crown lands, as they are called, are not sold. They are merely leased in perpetuity. The lease can be transferred from one holder to another as if the land was owned in fee simple. At regular intervals of time the leases are revised by the authorities and their amount increased or diminished, as may be required. Members of the upper house of parliament do not hold office for life, as French senators and British lords do, but for seven years. Finally woman suffrage has been adopted, and an industrial arbitration law has been passed.

COOKE-CONNELL NUPTIALS.

Two Old and Highly Respected Families
United in Closer Ties Than Mere
Friendship.

Married, at the Catholic Church in Brooksville, on the morning of Saturday, November 21st, 1896, by the minister in charge, Miss Mary Alice Connell, of Bracken County, to Mr. James Edward Cooke, of Mason County.

At a time running no further back than the memory of some of us yet living, there settled on a stream in the western part of Mason County a man and his wife. They were fresh from the Emerald Isle, had but little of this world's goods, but a liberal supply of something better than silver or gold,—they had energy, pluck, honesty and good hard sense.

A few years later there settled a stranger with a small family on a stream a few miles south of Germantown, in Bracken County. An humble log cabin, surrounded by the native forest, was their home. They, too, were fresh from the same green isle, with no fortune but a strong right arm, undaunted courage and determination to work their way to success.

These old people lived to a ripe old age and amid the abundant fruits of their labors, passed to the great beyond. Their descendants are among the thriftiest and the best people of the respective communities in which they live.

It was the privilege of the writer to witness the ceremony that bound these two families in closer ties than mere friendship, when these two young people, worthy grandchildren of a noble ancestry, pledged to each other their marriage vows; and having enjoyed the acquaintance of these people from their earliest settlement among us, the writer cheerfully mingles his congratulations with their many relatives and friends in this happy union, praying and wishing for them that the years they are permitted to journey together may be long and many and crowned with the brightest joys earth can afford or heaven bestow.

Marvelous Results.

From a letter written by Rev. J. G. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. GERMANTOWN.

On my first visit to the North a few years ago, with my fishing rod in hand I went out on the old dock at Petoskey. There I found a nice looking gentleman sitting alone casting his hook and line into the deep waters. It took but a few moments of conversation to learn that we were both from Kentucky,—he from Maysville, a painter by occupation, and was then on a hurried visit to his wife, a sufferer from hay-fever. It caused sad reflections on reading your last issue to learn that the stranger I met had crossed the stream whose waters are darker and deeper and colder than those of that beautiful bay. CINCINNATI TOBACCO MARKET.

Last Week Quite Satisfactory to Sellers and the General Tone Is Better.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"The general tone of the tobacco market is better. The past week has been quite satisfactory to the sellers, and rejections small for the offerings. With moderate offerings on Tuesday the buyers were liberal bidders, and appeared anxious to purchase some of the better grades, and there was strong competition on all grades having the requirements of a good plug filler. The low grades continued at about the same prices of the week previous. The good red tips were in demand, and some of them about doubled from the prices obtained sixty days ago. The satisfactory sales caused heavy offerings on Wednesday, more than time would permit to be sold, and one house was shut out, taking first sale on Thursday morning. The excessive offerings caused careless bidding in the latter part of the day, as the buyers were tired, and while prices obtained in the earlier sales were very satisfactory, there were more liberal rejections in the afternoon. Offerings on Thursday were not so large, all houses selling, with price quite satisfactory, although there was some fluctuating, as the buyers were in a condition to be a little more careless in their bidding. The sales on Friday being quite small, the competition closed the week very firm, and we feel very much encouraged in the better condition of the trade, and believe the advance to be a permanent one.

"The offerings of the new crop (were) quite small, but prices were all that could be expected, and we feel assured that the tobacco trade of 1897 will be far more satisfactory to the growers than the year we are passing through, as all branches of trade are improving, and if the jobbers throughout the country should stock up again, no doubt it would make our manufacturers increase their business, which requires more of the new material, and demand and supply govern prices.

"We would suggest to our shippers holding good tobaccos that the demand is very active and it is a good opportunity to dispose of them while they are wanted."

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes it incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

A HOT ROAST.

Row in the Republican Camp Becoming More Bitter Each Day.

Representative Lyons, of Campbell County, Gives Governor Bradley Another Raking.

[Cincinnati Enquirer, Nov. 23rd.]

Hon. William H. Lyons, of Newport, is a member of the Kentucky Legislature from the Eighty-third district, and has attained some recent notice in Kentucky politics by reason of his determined opposition to Governor Bradley's United States Senatorial aspirations. He is not at all loath to express his opposition and to define the why and wherefore.

General Dan R. Collier, who owes his military title to Governor Bradley, who appointed him Adjutant-General of Kentucky, is for Bradley for anything he may want. Recently Mr. Lyons said that Governor Bradley was having a poll made of the General Assembly in his own behalf by a Cincinnati newspaper of Republican persuasion. General Collier brands this statement as maliciously false. General Collier makes other uncomplimentary references to Lyons, in which insignificant is frequently and conspicuously used. "Odious" and "a desire to be noticed" are also made use of by General Collier with reference to Mr. Lyons.

Lyons was seen by an Enquirer reporter at his home in Bellevue last night. He had just returned from the seat of war at Frankfort; and, after some hesitancy, said:

"Just say for me that I will not pay any more attention to Mr. Dan Collier, who is taking it upon himself to fight Governor Bradley's hopeless battle for the United States Senatorship.

"I shall not pay the slightest attention to him or his vindictive attacks upon me. Right here I want to say that it might be worthy of notice that the newspaper correspondent at Frankfort who is presumed to have interviewed Mr. Collier is Governor Bradley's Assistant Adjutant-General, second in the State Department or Mr. Collier. Anything I have said regarding Governor Bradley is pretty generally known to be true. The Governor is making these denials. He has not the courage to make them himself, and does it by proxy.

"The Governor denies that he is a candidate for United States Senator. Men in his behalf have visited members of the Legislature and have received very cold comfort. With all his bluster and blow he cannot get over one half dozen votes in the Republican caucus. The Governor knows very well that he has no chance of election, but hopes to blow himself into a Cabinet position or dish out the plums to the pie hunters, but in this his disappointment will only be exceeded by his pretentious aspirations. The outside world is rapidly getting acquainted with the facts in regard to him and estimating him at his true value and worth, instead of accepting without investigation or argument the value placed on him by himself and toadies.

"I have said and repeat that Dr. Hunter was defeated at the last session of the General Assembly by the treachery of Governor Bradley. Had the Governor been loyal to Hunter, the United States Senator to-day would be Dr. Godfrey Hunter. It is rather amusing, even if it is too insignificant, as Mr. Collier would say, that Governor Bradley had been calling upon his Adjutant-General and Assistant Adjutant to defend him in this matter. Possibly he will call out the state militia to suppress me."

"Have any of Governor Bradley's friends asked you to vote for him?"

"No; for they know it is useless. I would not vote for him under any circumstances in a caucus, and I would vote for any other man, black or white, before I would give him the benefit of my vote, as I believe that I would be voting for the fitter man."

"Who is your choice for United States Senator?"

"I have not as yet fully decided. I have given no promise or pledge and will await until the most available man announces himself. I believe, however, that all the candidates have been announced. I have been asked to vote for Hon. Richard P. Ernst, but I do not believe in bird shot when the enemy are using shell. I will vote for the nominee of the Republican caucus, however, even though it be the smallest shot imaginable, Governor Bradley."

"Mr. Lyons, it has been insinuated that Gov. Bradley would resort to anything to secure the senatorial election. Do you believe that he would, if given opportunity, act unfairly?"

"I not only believe it, but know it. He can not, however, as we checked him in that direction. He can not call an extraordinary session of the General Assembly to suit the convenience of his

henchmen and at a time when myself and other opponents could not attend. Neither can he call a caucus of the Republican legislators, find out as to his chances of election and then determine upon what course to pursue regarding assembling the Senate and Legislature in extra session. We have stopped that. If he attempted to call a Republican caucus a quorum would not respond."

The mention of Dick Ernst as a possibility in the race for United States Senator has rearoused all the hostility of the anti-Ernst people in Kenton County. It is stated upon good authority that Col. Wenden O'Neal, W. H. H. Bowen and C. M. F. Steiger will rally round the flag at Frankfort to prevent even a complimentary vote for Ernst. Col. O'Neal is especially determined to make Mr. Ernst feel the weight of his political enmity. Col. O'Neal believes that Mr. Ernst violated the ethics of law and politics in freezing him out of the nomination. One matter in particular, he thinks, was a petty personality and an effort at legal intimidation. While Col. O'Neal was opposing Mr. Ernst for the nomination, Mr. Ernst sent Col. O'Neal a bill for several suits of clothes and other articles of wearing apparel, purchased by Col. O'Neal from a firm in London, England. Mr. Ernst claimed that the bill had been forwarded to him for collection in the usual course of legal procedure. Col. O'Neal says that Mr. Ernst's presentation of the bill during a political contest was at least ill-timed. The Colonel said to Mr. Ernst that he bought the clothes while he was on a European tour, and thought that a friend of his had remitted for them. The Colonel is very indignant. He objects to Mr. Ernst's style of politics, especially that feature of it which permits the introduction of tailors' bills as a political issue.

Church, Third street, has taken a place, not only in the hearts of his own people, but as well in those outside he has met. THE rewards offered for the arrest of members of the mob that destroyed tollgates in Woodford County now amount to \$3,000, and it is expected that \$500 more will be offered by the State. Threatening letters received by Presidents of the turnpike companies have furnished clues to the detectives. In spite of the energy displayed by the authorities, five more tollgates were destroyed Friday night.

THE Millersburg correspondent of the Paris Kentuckian says: "Lewis C. Vimont and his eleven children were born in the same house. His father emigrated from France and lived to be seventy-two years old, his brother John to ninety-four years. After Lewis' first child died there was not a death in the family for thirty-two years, when his wife and three children died in less than five years. Of his father's seven grown children only himself and Mrs. Trotter are living. No one now lives in a house between Millersburg and Blue Licks who did when Mr. V. first remembers. Mr. Vimont first voted for Clay in '44, and lastly for Bryan in '93."

BALLENGER, jeweler.

SUNDAY Call: "The new pastor in charge of the Christian Church, Rev. S. D. Dutcher, has been holding a protracted series of meetings the past two weeks which have attracted large audiences. His expositions of the various texts from which he has preached have been succinct, clear and convincing, though but few accessions to the church have been noted. Mr. Dutcher is very attractive, not alone in person: tall, intelligent and handsome, but through his eye and in the tone of his voice there is a humane, loving nature which speaks more power for Jesus and His cause than mere eloquence and ability without a sympathetic heart. Would that we had more men in the pulpit possessing this divine characteristic. In passing along the street one night we saw Mr. Dutcher standing in the vestibule of his church greeting every person with a most cordial handshake and a beaming countenance. It was an innovation in church work here, and was as refreshing and delightful as the first breath of spring."

GOVERNOR MATTHEWS' MERCY.

Twelve Years Taken From the Sentence of Samuel Harbin.

WASHINGTON, Ind., Nov. 24.—Governor Matthews has cut 12 years from the sentence of Samuel Harbin, now in the Jeffersonville penitentiary, for burning the Daviess county courthouse. He will be free in July. Harbin figured in probably the most sensational crime in Indiana.

Shortly after midnight, Oct. 7, 1891, the recorder's and auditor's offices in the county courthouse were found in flames. Many records were burned. The odor of coal oil told that the fire was the work of incendiaries. Pinkerton detectives in less than a week arrested Harbin and Basil Ledgerwood. They said they had been employed by Auditor J. C. Lavelle and A. B. Hawes to burn the courthouse.

Lavelle and Hawes were arrested. Lavelle had just made the Democratic race for state auditor, and he had spent money freely. It was rumored that he was \$25,000 short in his accounts. It was a few days after experts were employed that the courthouse was burned. Hawes, who was wealthy, had several deeds in the recorder's office which he wanted destroyed. Ledgerwood and Harbin were each sentenced to 17 years and Lavelle and Hawes to seven years each. Ledgerwood was pardoned two years ago. Lavelle and Hawes are still in prison.

Dropped Dead in Church.

GREENSBURG, Ind., Nov. 24.—Matthew Oldham, 76 years old, a prominent farmer and a leading citizen of Marion township, dropped dead of heart disease Sunday night in the Flat Rock Baptist church, where he was attending services. He was singing when he suddenly exclaimed, "I guess I'm done for," and in a few moments expired. Mr. Oldham was a deacon and a leading member of the church. He was a brother-in-law to the well known Bishop Tucker.

More Tollgates Destroyed.

VERSAILLES, Ky., Nov. 24.—The destruction of tollgates continues despite the vigilance of the authorities. Two gates were cut down at an early hour Sunday morning on the Sellers' Mill and Wilmore turnpike, 12 miles south of this city. They were in a sparsely settled neighborhood. The regulators are reported to have been remarkably bold, cursing and firing their revolvers as they went about their work. Officers are on their trail and arrests are expected.

Evicting Miners.

TERRE HAUTE, Ind., Nov. 24.—The fight between the bituminous coal miners and operators has assumed a serious aspect. The latest move of the operators is a notice ordering all the houses now owned by the companies to be vacated. This apparently means that nonunion men are to be brought in to fill their places. It is feared that serious trouble will follow such a move. The 10 days' notice allowed for each tenant will expire Dec. 1.

Insane Over Spiritualism.

BLUFFTON, Ind., Nov. 24.—Dr. J. W. Freeman, a leading druggist, committed suicide by shooting himself through the heart while still in bed. It is supposed that his mind was unbalanced on the subject of spiritualism, of which he has been a diligent student for several years. He was a man of family.

Lafayette Lane Dead.

ROSEBURG, Or., Nov. 24.—Lafayette Lane, congressman from the state of Oregon from 1874 to 1876, died at his home in this city yesterday. He was the son of Hon. John Lane, the first United States senator from Oregon, and a candidate for vice president on the Democratic ticket in 1860.

Two Children Seriously Burned.

GREENSBURG, Ind., Nov. 24.—While two children, 2 and 4 years old, respectively, of Mrs. S. Huber of Osgood were left alone, they poured coal oil on the carpet and set it on fire. Neighbors rushed in time to save the house, but both children were seriously burned, and one may die.

Only Lasted Four Rounds.

NEW YORK, Nov. 24.—Bob Armstrong of Chicago defeated Frank P. Slavin of Australia last night in the fourth round. They met for a 20-round go at catch weights before the Union Park Athletic club and 2,000 persons were out to witness the go.

Reported to Be Dying.

ENGLISH, Ind., Nov. 24.—Thomas Eryan, who had an eye gouged out and was otherwise injured last Wednesday by Calvin Graham of this city, is supposed to be dying. Mr. Graham has not been arrested.

President Plant Re-Elected.

SAVANNAH, Nov. 24.—At the annual meeting of the Southern Express company here H. B. Plant was re-elected president. This will be Mr. Plant's 34th year at the head of the company.

Senator Voorhees Better.

TERRE HAUTE, Ind., Nov. 24.—Senator Voorhees is steadily improving, and his permanent recovery is assured.

Indications.

MISUSED FUNDS.

Anthony Kozel Will Be Sent to the Illinois Penitentiary.

CHICAGO, Nov. 24.—Ex-Banker Anthony Kozel, who failed last May for over \$100,000, admitted yesterday that he was guilty of crime in the handling of the bank's funds, and was surrendered by his bondsmen. He stated that he had decided to abandon any legal fight and to accept his punishment. It has been arranged that he plead guilty to larceny at once and be sent to the penitentiary. He is the first banker in the state to be sent to prison for misusing funds entrusted to his care.

Kozel's bank was one of the oldest in the West Side, and had always been regarded as financially sound. It was patronized principally by workmen and small tradesmen, who lost everything.

No Evidence Against Them.

NEW YORK, Nov. 24.—The four men arrested on suspicion of being implicated in the robbery and murder of Frank P. Arbuckle of Denver, Col., last Thursday morning, were arraigned in Police court and discharged. The prisoners were Joseph Davidson, alias Fagan; George W. Stevens, Henry Meyers, alias Muregen, and Samuel Stewart, alias "Sheeny Sam."

Eight Lives Were Lost.

POINT ARENA, Cal., Nov. 24.—The remainder of the crew on the wrecked steamer San Benito were rescued by a boat and transferred to the steamer Weccott. The survivors, numbering 23, were taken to Mendocino. The wreck is in the same condition and the steamer will be a total loss. Thirty-five men were saved and eight lost.

One Dead the Other Wounded.

INEZ, Ky., Nov. 24.—Albert Damson, a well-to-do farmer, came home intoxicated, and began to abuse his wife. John Kazee, the wife's brother, interfered and a fight followed. Both men drew pistols and began to fire at short range. Damson fell dead, shot through the heart. Kazee was slightly wounded.

Quarreled Over a Woman.

WEST LIBERTY, Ky., Nov. 24.—Yesterday in Johnson county, just across the Morgan county line, Frank Williams was shot and killed by Frank Pilpsky. The men had been friends, but they quarreled over a woman. No arrest has been made.

PECULIAR ACCIDENT.

A Man's Head Cut Off by a Rolling Stone Started by His Son.

CEDAR RUN, Pa., Nov. 24.—While hunting pheasants on the mountain side near here Joseph Champaign had his head cut off by a rolling stone in a most remarkable manner. His 10-year-old boy and two playmates were up the steep mountain side about 50 yards, tumbling rocks down its precipitous sides, in order to see them splash into the creek.

A big stone, started by young Champaign on its downward course, struck the elder Champaign and knocked the back of his head off as clean as though it had been cut with an ax.

Serious Runaway Accident.

MUNCIE, Ind., Nov. 24.—An Avondale street car struck a horse and buggy occupied by Fred Hutsler and Mrs. Ola Babb, killing the horse, wrecking the buggy and perhaps fatally injuring Hutsler. He was unconscious for 10 hours. Miss Babb escaped uninjured.

Lived 120 Years.

PIKEVILLE, Ky., Nov. 24.—Henry Blankinslip is dead at his home in this county. He claimed to be 120 years old. He came here with his wife before the war of 1812. He was the father of 15 children.

"All nature is on the side of the man who tries to rise," says Drummond.

Who can Measure

the influence of the Mother—it lasts through all coming ages, and enters the confines of eternity. With what care therefore should the Expectant Mother be guarded and how great the effort to make her life happy.

"Mother's Friend" makes child-birth easy, assists nature in its sublime effort, leaves the Mother stronger after than before confinement, and robs the hour of its terror. No Expectant Mother can afford to neglect its use.

"A customer whose wife used 'Mother's Friend' says that if she had to go through the ordeal again, and there were but four bottles to be obtained, and the cost was \$100.00 per bottle, she would have them." GEO. LAYTON, Dayton, Ohio. Sent by Mail on receipt of price, \$1.00 PER BOTTLE. Book "TO EXPECTANT MOTHERS" mailed free. THE BRADFIELD REGULATOR CO., ATLANTA, GA. SOLD BY ALL DRUGGISTS.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
